The screenshot shows the OECD Statistics website. At the top, there is a navigation bar with links to 'OECD Home', 'About', 'Countries', 'Topics', 'Statistics', and 'Newsroom'. Below the navigation bar, there is a 'OECD Data Lab' section featuring a chart titled 'Economic Outlook key indicators' showing projections for GDP growth, unemployment, and other key macro-economic indicators. To the right of the chart is a 'Resources' section with links to 'List of all statistics', 'Glossary', 'OECD Factbook Indicators', and 'Tools for statisticians'. Below these sections is a table titled 'List of key indicators' with columns for 'Keyword', 'Indicator', 'Table', and 'Real-time dataset'. The table lists various agricultural and economic indicators with download links for Excel and real-time data options.

Keyword	Indicator	Table	Real-time dataset
Africa	African economies: basic indicators	Download Excel	
Agriculture	Consumer support estimates (subsidies)	Download Excel	Get real-time data
	Environment: agriculture	Download Excel	
	OECD Producer single commodity transfers	Download Excel	
	OECD Total support estimates	Download Excel	
	Producer support estimates (subsidies)	Download Excel	Get real-time data
	Wheat production	Download Excel	Get real-time data
	World cereal projections	Download Excel	
World prices	Download Excel	Get real-time data	
World trade projections exports	Download	Get real-time data

Worldwide Open Data Sites

2013 AUGUST 8

by Ben Jones

Hi, it's been a while since I posted last! The Tableau Public team has been busy [launching author profiles](#) (here's [mine](#)) and expanding the free application's data limit from 100k rows to [1M rows](#), so I haven't posted very often this summer. After wrapping up another project I'm working on, I'll pick it back up again here at DataRemixed.

In the meantime, I thought I'd share a handy dandy tool that helps users find Open Data sites around the world.

In researching sites to give users who are looking to find data to play with, I came across a data.gov website called "[Open Data Sites](#)" that provides a [csv file](#) containing a bunch of links to sites ([292 294](#) of them) from different countries ([48](#) 50 different ones, to be exact). To get to the sites, you have to download the csv, open it, and click the links. Not the best workflow, so I created this viz to 'lean out' the process, which I hope you also find useful:

Open Data Site Finder

Use this tool to find and navigate to open data sites around the world. The filters and map focus the contents of the table below. Click table rows to navigate to the sites.

Countries: 50 Sites: 297

Type	Continent	Country	City / Municipality
(All)	(All)	(All)	(All)

SEARCH

type and press enter

Каталог открытых данных Open Knowledge foundation

The screenshot shows the homepage of the DataHub platform. At the top, there's a navigation bar with links for 'Log in' and 'Register', and tabs for 'Datasets', 'Groups', and 'About'. A search bar is also present. Below the navigation, there are two main sections: 'Give your data a home' and 'Find data'. The 'Give your data a home' section includes a button to 'Publish data for free'. The 'Find data' section has a search input field. A banner at the bottom of the page reads 'the free, powerful data management platform from the Open Knowledge Foundation'. Below the banner, there's a 'Popular Tags' section with a list of tags: city-government, lod, publications, Senegal, ANSD, menages, donnees, and format-rdf. Two featured datasets are highlighted: 'Senegal' (with the Senegalese flag) and 'Canada' (with the Canadian flag). Both datasets are marked as 'FEATURED'.

Портал открытых данных Европейского союза

The screenshot shows the European Union Open Data Portal. At the top, there is a navigation bar with links to Legal notice, Contact, Search, and English (en). Below the navigation bar is the EU flag logo and the text "European Union Open Data Portal". The main search area features a search bar with the placeholder "Find datasets..." and a magnifying glass icon. Below the search bar are options to "Show results with: all of these words" (selected), "any of these words", or "the exact phrase". It also displays "Total datasets available: 7682". To the right of the search area is a "Suggest a dataset" box asking if there is a dataset from the EU not found in the portal, with a link to "Please request the dataset >>". On the left side, there is a "Most viewed datasets" section listing five datasets: DGT-Translation Memory (8671 views), Elevation map of Europe (4956 views), Total length of railway lines (3256 views), and CORDIS – EU research projects under FP7 (2007–2013) (2503 views). To the right of this section is a "What is this Data Portal about?" box explaining the portal's purpose and the availability of free data for reuse. At the bottom of the page is a "Popular terms" section.

Портал открытых данных Великобритании

The screenshot shows the homepage of DATA.GOV.UK (beta). At the top, there's a navigation bar with links for Home, Data, Participate, Data requests, Apps, Location, Linked Data, Library, and About. Below the navigation is a search bar with the placeholder "Search..." and a green "Search" button. To the left, a box displays "10059 Datasets". On the right, a "Tags" section lists various categories like health, child, communities, children, spend-transactions, education, disclosure, Health, health-and-social-care, nhs, population, care, finance, Spending, Data, Environment, NERC_DDC, health-well-being-and-care, school, transparency, and local-government. Below the tags is a "UK Location" section with a map-based search link. The "Publishers" section lists several government agencies with their dataset counts: Office for National Statistics (829), Department for Communities and Local Government (776), NHS Information Centre for Health and Social Care (630), British Geological Survey (377), Department for Environment, Food and Rural Affairs (347), Northern Ireland Spatial Data Infrastructure (317), Centre for Ecology & Hydrology (291), Welsh Government (277), Department of Health (245), and Home Office (239). The "Featured dataset" section highlights "Lower Layer Super Output Area (LSOA) boundaries" from the Office for National Statistics, updated recently. The "Data Requests" section has a "Request new data" button, and the "Developers" section provides links for API documentation and GitHub.

Портал открытых данных Великобритании

The screenshot shows the homepage of the Data.gov Open Data Sites section. At the top, there's a navigation bar with links for HOME, ABOUT, DATA, METRICS, OPEN GOVERNMENT, BLOGS, and COMMUNITIES. On the right side of the header are links for 'Open ID' and 'Login'. Below the header, a blue banner reads 'OPEN DATA SITES'. A sub-header below the banner states: 'Data.gov is leading the way in democratizing public sector data and driving innovation. This movement has spread throughout cities, states, and countries.' Below this, there are four boxes showing statistics: 'U.S. States' (39), 'U.S. Cities and Counties' (42), 'International Countries' (43), and 'International Regional' (160). Further down, there's a link to download the full list of Open Data Sites in CSV or Excel formats, and a call to action to join discussions. A paragraph explains the international reach of open data sites, mentioning the United States, other countries, and regional sites. At the bottom, there's a world map with various countries highlighted in blue, and logos for OECD and UNdata.

Category	Count
U.S. States	39
U.S. Cities and Counties	42
International Countries	43
International Regional	160

Портал открытых данных Российской Федерации

Источник: <http://data.gov.ru/>

Открытые данные на сайте Министерства Экономического развития РФ

The screenshot shows the official website of the Ministry of Economic Development of the Russian Federation. At the top, there are links to the President of Russia, the Government of Russia, and State organs of power. On the right, there are links for mobile version, accessibility for visually impaired users, search, and language selection (Russian/English). The main navigation menu includes sections for the Ministry, Activity, Documents, Press Service, Contacts, Citizen Requests, and Contests. Below the menu, a breadcrumb trail shows the path from the homepage to the 'Open Data' section. A heading 'Open Data' is followed by a paragraph explaining that the information is provided in an open data format. It also includes legal notices about the placement of information in the Internet and the conditions of use. A table titled 'Register of open data' lists 10 entries, each with a number and a link to a specific dataset. The table columns are '№' and 'Название набора данных'.

№	Название набора данных
1	Паспорт набора данных «Список МФЦ»
2	Паспорт набора данных «Реестр государственных сайтов»
3	Паспорт набора данных «Рейтинги государственных сайтов»
4	Паспорт набора данных «Производство важнейших видов продукции»

Хаб открытых данных

The screenshot displays the homepage of the OpenGovData.ru platform. At the top, there is a dark header bar with the text "Войти" (Log In) and "Зарегистрироваться" (Register). Below the header, there is a navigation menu with links to "Пакеты данных" (Data Packages), "Организации" (Organizations), "Группы" (Groups), and "О проекте" (About the Project). A search bar labeled "Поиск" (Search) is also present.

The main content area features a large search box with the placeholder text "например, Бюджет" (for example, Budget) and a search icon. Below the search box, there is a section titled "Популярные теги" (Popular Tags) with buttons for "статистика" (Statistics), "росстат" (Rosstat), and "емисс" (Emiss).

On the left side, there is a sidebar with a small icon and the text "Хаб открытых данных - это каталог и хранилище открытых данных для всех русскоязычных пользователей. Хаб создан и поддерживается НП "Информационная культура" - <http://infoculture.ru>". Below this, there is a button with the text "✓ Подписаться" (Subscribe) and "You are following OpenGovData.ru." followed by a small profile picture.

The main content area contains several data packages listed in two columns:

- Данные ЦБ РФ**: Открытые данные с сайта Центрального Банка...
 - Общая характеристика банковской сети региона. Количество действующих банков**: Данные с сайта ЦБ РФ. Общая характеристика банковской сети региона. Количество действующих банков
 - Сводные данные об объемах операций с физическими лицами по покупке и продаже ...**: Данные с сайта ЦБ РФ. Сводные данные об объемах операций с физическими лицами по покупке и продаже основных видов...
- Открытые данные Москвы**: Открытые данные публикуемые властями города...
 - Парки (включая парки не подведомственные)**: Данные города Москвы. Парки (включая парки не подведомственные)
 - Дома культуры и клубы**: Данные города Москвы. Дома культуры и клубы

At the bottom of the page, there is a footer section with links to "Про Хаб открытых данных", "СКАН API", and "НП "Информационная культура"" (with a "OPEN DATA" button). It also includes a "Создано" (Created by) section with the logo "скан" and a language selection dropdown set to "русский" (Russian).

Хранилища данных научных организаций

The screenshot shows the homepage of the DataCite website. At the top, there is a blue navigation bar with links for Home, Members, FAQs, Services, Resources, Events, and Contact us. Below the navigation bar is the DataCite logo, which consists of a stylized blue 'D' icon followed by the word 'DataCite'. To the right of the logo is the tagline 'Helping you to find, access, and reuse data'. On the left side of the main content area, there is a news item titled 'The DataCite Metadata Working Group wants to hear from you!' published by Sergio Ruiz on 28 August 2013. It discusses the evaluation of a new metadata schema and invites input from the client community. Below this is another news item titled 'Summer meeting programme finalised' published by Jan Bräse on 12 August 2013, announcing the final programme for a summer meeting in Washington DC. On the right side of the main content area, there are three blue boxes with white text: 'Why cite data?', 'What is DataCite?', and 'What do we do?'. Below these boxes is a section titled 'DOI resolver' with a text input field and a 'Submit' button. There is also a 'Metadata Search' input field and a 'Search' button. At the bottom of the page, there is a 'Members' section with a note about DataCite being represented by leading organizations around the world.

Хранилища данных научных организаций. Australian National Data Service

The screenshot shows the homepage of the Australian National Data Service (ANDS). The header features the ANDS logo and navigation links for Home, About ANDS, Partners & Communities, Data Management, Metadata, Discovery, Access, Reuse, Technical Resources, Guides, Training, Support, Online Services, and News & Events. A search bar at the top right includes a Google Custom Search option. The main content area is titled "Australian National Data Service" and includes a vision statement: "Our Vision: More Australian researchers reusing research data more often". It highlights that ANDS is enabling the transformation of data from unmanaged, disconnected, invisible, and single-use states to managed, connected, findable, and reusable states. Below this, sections discuss the Australian Research Data Commons (a cohesive collection of research resources) and Research Data Australia (a comprehensive discovery service). A sidebar on the right, titled "ANDS News", features news items about butterflies, a congratulations message for the University of Western Australia, and the eResearch Australasia 2013 workshop. Another sidebar, "ANDS Quick Links", provides links to Contact Us, Guides, Content Providers Guide, ANDS Services, share - ANDS Newsletter, Acknowledge ANDS funding, Community Bulletin Board, and Costs and Benefits of Data Provision.

The screenshot shows the 'Public Data Sets' page on the AWS website. The top navigation bar includes links for 'Sign Up', 'My Account / Console', and language selection ('English'). Below the navigation is a search bar and a dropdown menu for 'Public Data Sets'. The main content area features a sidebar titled 'Browse By Category' with links to various scientific fields like Astronomy, Biology, Chemistry, Climate, Economics, Encyclopedic, Geographic, and Mathematics. Another sidebar titled 'Developer Resources' lists items such as Amazon Machine Images (AMIs), Articles & Tutorials, Customer Apps, Developer Tools, Documentation, Release Notes, Sample Code & Libraries, Security Center, and Videos & Webinars. The central content area is titled 'Public Data Sets' and contains a brief introduction about the service. It then displays three featured datasets: 'Common Crawl Corpus', '1000 Genomes Project', and 'Google Books Ngrams'. At the bottom, there is a summary of 53 results, sorting options, and details for the 'Common Crawl Corpus' dataset.

Showing 1-25 of 53 results. Sort by: Date - newest first

Common Crawl Corpus
A corpus of web crawl data composed of over 5 billion web pages. This data set is freely available on Amazon S3 and is released under the Common Crawl Terms of Use.
Last Modified: Nov 29, 2012 9:01 AM GMT

Ensembl Annotated Human Genome Data (FASTA Release 68)
The Ensembl project produces genome databases for human as well as over 50 other species, and makes this information freely available.
Last Modified: Sep 4, 2012 23:15 PM GMT

Google Public Explorer.

Общедоступные наборы данных

The screenshot shows the Google Public Data Explorer interface. At the top, there is a search bar with the placeholder "Поиск общедоступных данных" and a magnifying glass icon. Below the search bar, the page title "Public Data" is displayed in red. On the left side, there is a sidebar with navigation links: "Наборы данных" (Data sets) in red, "Показатели" (Indicators), "Любой поставщик данных (6)" (Any provider (6)), "Европейское статистическое агентство (4)" (European Statistical Agency (4)), "Всемирный банк (1)" (World Bank (1)), and "Росстат (1)" (Rosstat (1)). The main content area displays search results for "общедоступных данных".

- "Показатели мирового развития"
Всемирный банк
Согласованные данные по безработице для европейских стран. Этот набор данных был подготовлен Google на основе данных, загруженных из Евростата.
- "Безработица в Европе (по месяцам)"
Европейское статистическое агентство
Статистика по безработице для европейских стран. Этот набор данных был подготовлен Google на основе данных, загруженных из Евростата.
- "Минимальная заработная плата в Европе"
Европейское статистическое агентство
Статистика по минимальной заработной плате за месяц в евро или в паритете покупательной способности (с полугодовым интервалом обновления). ...
- "Распространение широкополосного доступа в Европе"
Европейское статистическое агентство
Статистика по линиям широкополосного доступа с полугодовым интервалом обновления. Приведены два типа показателей: абсолютные и на 100 человек населения. ...
- "Государственный долг европейских стран"
Европейское статистическое агентство
Статистика государственных финансов европейских стран. Данные подготовлены компанией Google на основании информации Евростата.
- "Демографические индикаторы Российской Федерации"
Росстат
Этот датасет содержит демографические индикаторы Российской Федерации

Проект DataMarket

The screenshot shows the DataMarket homepage with a dark blue header bar containing the logo, navigation links (Home, Explore data, Upload data, Plans & pricing, About), and user account options (Log in or sign up (for free), Support). Below the header is a large banner with the text "Find, understand and share data" and a subtext about exploring, uploading, and visualizing data. It features a "Take the tour" button and a "Watch introduction video" button. A search bar with placeholder text "Enter keywords to search for data" and a "Search" button are also present. The main content area includes a section titled "The data you need - at your fingertips" with a subtext about bringing complex data together for search, visualization, and sharing. It also highlights the Data Hub, Data Delivery Engine, and Open Data Portal. On the right side, there are several data visualizations including a chart showing renewable energy primary production by source, a line graph of energy production over time, and a pie chart.

Find, understand and share data

The open portal to thousands of datasets from leading global providers. Explore, upload your own data, create beautiful visualizations and reports in seconds – it's free!

Take the tour

Watch introduction video

Enter keywords to search for data

Search

Try searching for gdp spain, birth rates, gold, or explore our data collection

The data you need - at your fingertips

DataMarket brings complex and diverse data together so you can search, visualize and share data in one place and one format

Find the numbers you need, in reports or in-house or third-party datasets. Get your point across by rendering your data in beautiful charts in just one click. Deliver dynamic, branded content to your team, clients or website.

Data Hub

Our data hub helps enterprises understand their business environment, with syndicated, proprietary and public data always at users fingertips.

[Read more](#)

Data Delivery Engine

Our data delivery engine enables market research firms and other information publishers to deliver data more efficiently and make it more valuable to their customers.

Проект figshare

The screenshot shows the figshare homepage. At the top, there's a navigation bar with the figshare logo, a search bar, and links for 'My data', 'Browse', 'Upload', and a user profile for 'I. Radchenko'. Below the header, a large text block states: 'figshare is a repository where users can make all of their research outputs available in a **citable**, **shareable** and **discoverable** manner.' A paragraph below explains that figshare allows users to upload any file format to be made visualisable in the browser. At the bottom of this section are buttons for 'See our features', 'Read the FAQs', and 'or get in touch.'

On the right side, there's a sidebar titled 'Tweets' with three recent tweets from figshare users:

- Subhajit Ganguly (@subhajitganguly) - 12h ago: #figshare is perhaps the best option today for doing #open #science.. Retweeted by figshare
- Sarah Pohl (@LilithElina) - 5h ago: Scientists open up lab notebooks with Figshare [j.mp/1eZDXB0](#) Retweeted by figshare
- Erin McKiernan (@emckiernan13) - 6h ago: Tweet to @figshare

Проект Area51

The screenshot shows the Area51 proposal page on StackExchange. The header features a dark blue background with a yellow crescent moon and stars. The title "AREA51" is prominently displayed, followed by "New Site Staging Zone". The top navigation bar includes links for "log in", "chat", "discuss", "faq", "users", and "badges". Below the header, there's a breadcrumb navigation "Area 51 > Technology". A banner on the right indicates the site is in "Public Beta". The main content area is titled "Open Data" and describes it as a "Beta Q&A site for developers and researchers interested in open data". It displays various metrics: "133 days in beta", "1.2 questions per day", "96% answered", "48 avid users / 1,279 total users", "2.5 answer ratio", and "192 visits/day". It also provides guidance on moderation and traffic. On the right side, there's a sidebar with a "proposed by" section for Dmitry Kachaev, a "public beta start" note, and a "private beta start" note. At the bottom, there's a "Top Beta Users" section and a "Visit the site now!" button.

Проект Get the Data

The screenshot shows the homepage of the Get the Data website. At the top, there is a navigation bar with links for 'Datasets' and 'Forum and Questions'. Below the navigation is a search bar with dropdown options for 'questions', 'tags', and 'users'. A prominent red button labeled 'ask a question' is located on the right side of the search bar. The main content area displays a list of ten data-related questions, each with a summary, number of votes, answers, and views, along with a timestamp and the user who posted it. The questions cover topics such as flight fare data, soccer results, scraping tools, US government support for AIG, historical stock ticker symbols, missing data for CKAN, companies Google owns, social impact of changes in public spending, oil tankers, and compiling logs of Wikipedia articles. On the right side of the page, there is a sidebar with a 'welcome to Get the Data' message, a section for '251 questions' (the most recently updated), a link to track new questions via Twitter (@dataquestions), and a 'Recent tags' section listing various data-related terms.

Russia Overview

Russia is located in The Former Soviet Republic with a population of 141.92 million people. It has a population density of 8.73 persons per square kilometer. 26.00% of the population is rural and 74.00% is urban. 15.45% of the population is under the age of fifteen, and 12.96% of the population is over the age of 65. Russia's population grew by 0.40% in 2012. Net migration to Russia in 2010 was 1,135,737 people.

Russia is a high income country with a large-sized economy. In 2012 Russia's GDP was USD 2,022 billion. Russia's GDP grew at 3.40% in 2012. GDP per capita, in purchasing power-adjusted dollar terms, is USD 17,709.

Inflation in Russia, as measured by the change in consumer price index, was 5.10% in 2012, versus 8.40% in 2011. Unemployment in Russia in 2012 was 6.00%, versus 6.60% in 2011.

Russia's economy is predominantly services-based. Agriculture accounts for 4.25% of GDP and employs 9.70% of the population. Manufacturing and industry accounts for 37.00% of GDP and employs 27.90% of the population. Services accounts for 58.75% of the GDP and employs 62.30% of the population.

Russia's currency is the Russian Rouble (RUB). The latest exchange rate, as of 16-Sep-2013, is 32.56 RUB per 1 USD.

Russia is politically unstable, and life expectancy at birth is 69 years. 5.00% of Russia's population is under-nourished, while 46.48% of its male population and 51.71% of its female population is overweight. n.a. of the population smokes. Russia spends \$1,316.32 per capita (USD PPP) on healthcare, and has 8.05 nurses per 1000 people.

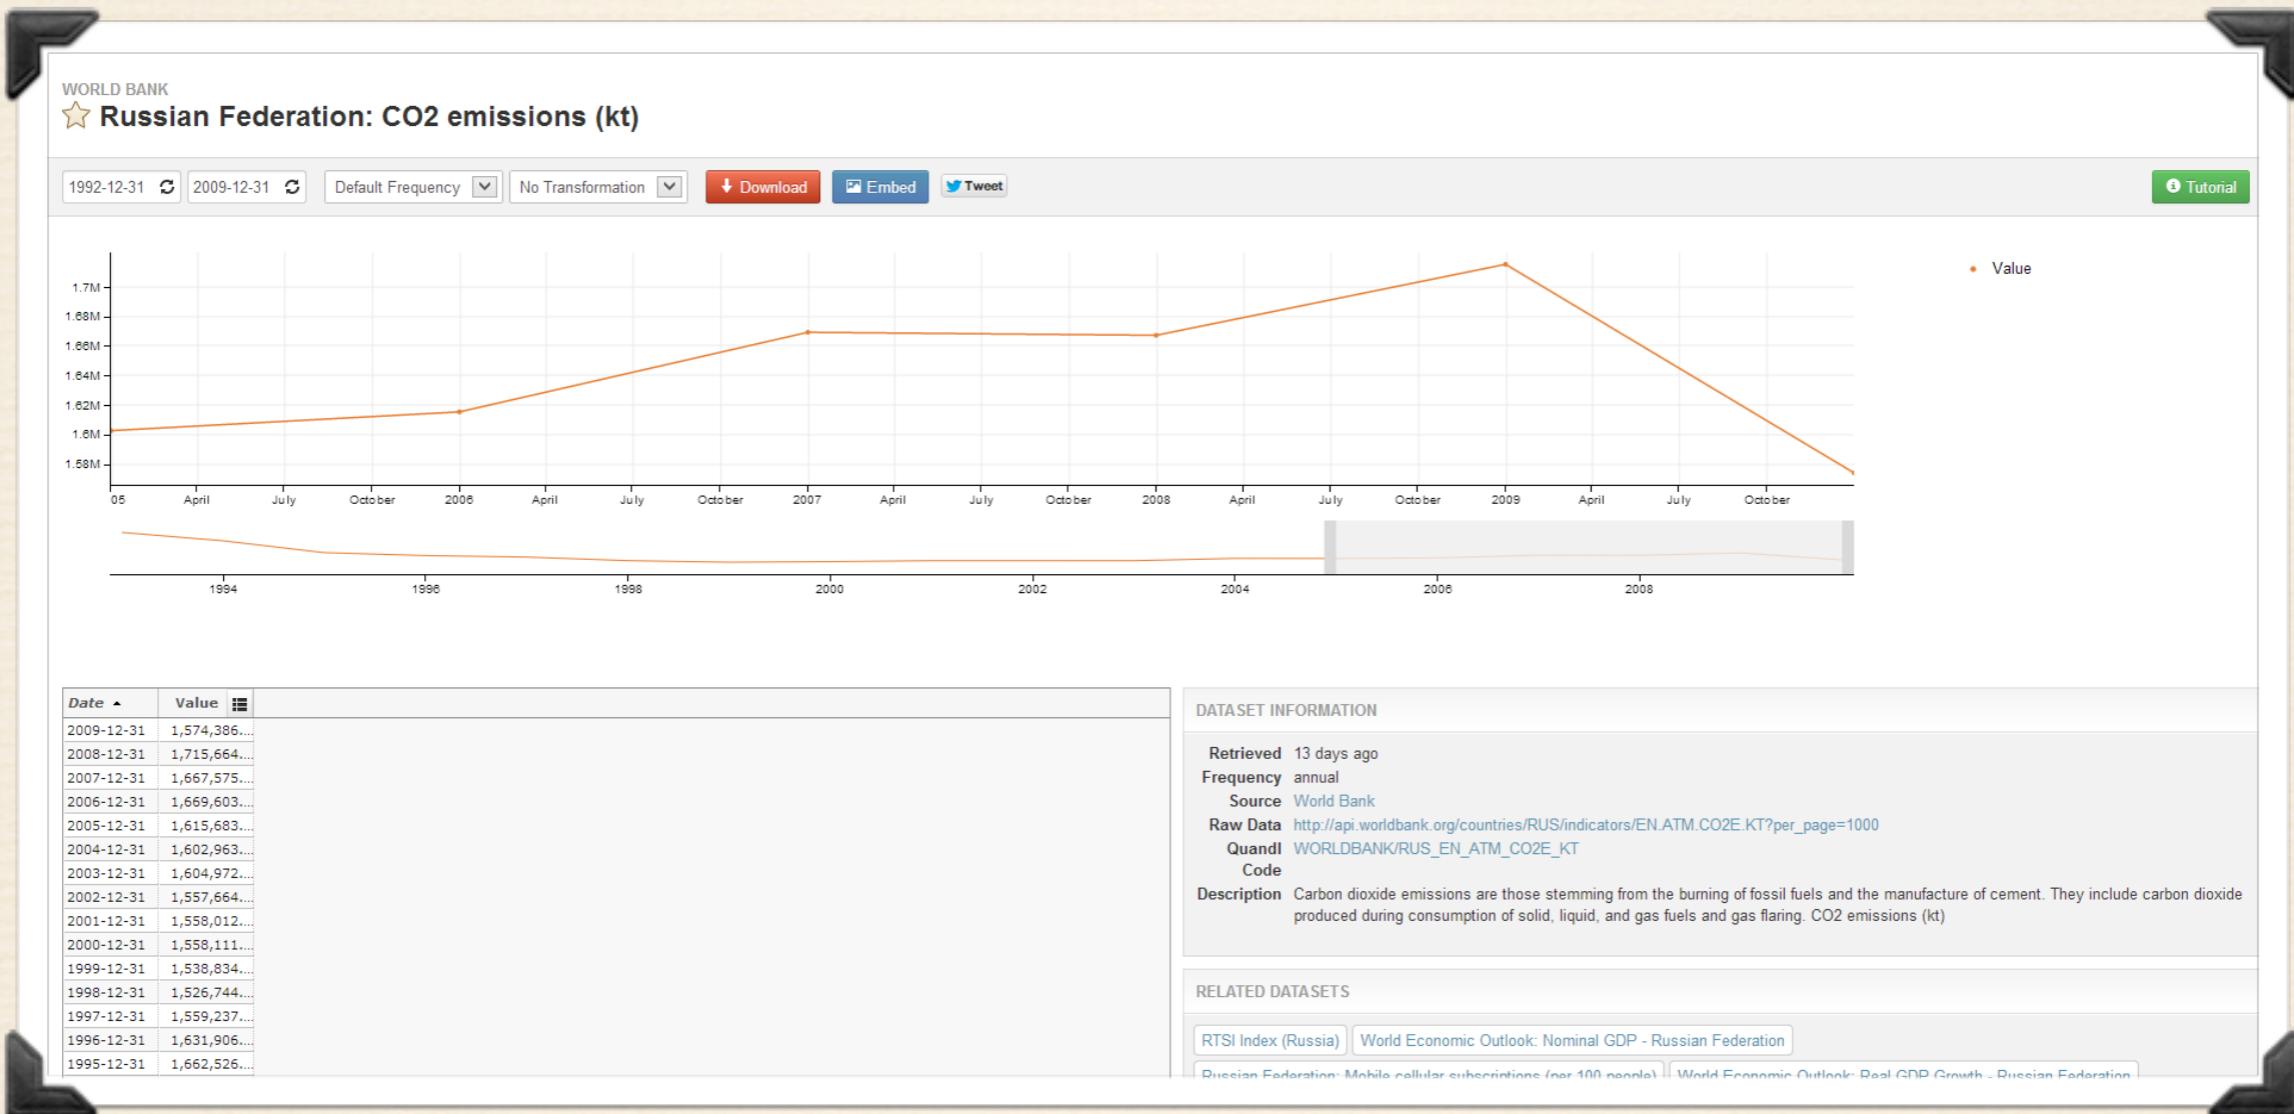

For links to more detailed information on Russia please click the links underneath the corresponding tables.
